design. comfort. performance.

Arconas enhances public spaces with our award-winning, international seating designs. We work with architects and interior designers to create flexible, comfortable and efficient seating areas. We offer a range of options and finishes to provide unique, high-performance indoor or outdoor seating solutions for public spaces in commercial and government offices, healthcare, education and transportation settings.

Flyaway Designer Douglas Ball

- Classic design with substantial comfort for long waits
- Solid die-cast aluminum frame on central steel beam
- 2-5 seat linear units, 6 seat cluster unit on adjustable glides
- Single and back to back rows
