design. comfort. performance.

Arconas enhances public spaces with our award-winning, international modular seating lines. We work with interior designers, architects and facility managers to create flexible, comfortable and efficient seating areas. We offer a range of options and finishes to provide unique, high performance indoor or outdoor seating solutions for commercial and government offices, healthcare, judicial, education and transportation terminal settings.

Government Solutions

Arconas provides modular public seating solutions for high impact waiting areas, lobbies and reception areas, in city, municipal and federal buildings, immigration offices, foreign affairs, high commission lobbies, fire departments, military/naval bases and border protection services.
