

BOULOUM

# Bouloum Slipcover Installation Guidelines

There comes a time in every person's life when change is necessary. The same rule applies for Bouloum. To give this friend by your side a makeover, follow these simple steps to a new Bou. Bow tie is optional!

1. Starting from the top of the chair, place the head of the slipcover over the head of the foam. Pull the upholstery from side to side and from front to back (4-way stretch technique) for a snug fit.
2. Continue to apply the fabric downward over-top of the shoulders, using the same 4-way stretch technique.
3. Moving the slipcover downward, along the sides of the body; continue to 4-way stretch the fabric over the foam of the body.
4. When you reach the legs, using the same 4-way stretch technique, upholster one leg at a time.
5. Once the slipcover has been applied to the body, close the zipper, sit back and Enjoy!
